Rather, "the very language expressed in the privacy clause reveals its substantive nature; it does not offer reasons why OPRA was adopted, as preambles typically do; instead, it focuses on the law's implementation." "Specifically, it imposes an obligation on public agencies to protect against disclosure of personal information which would run contrary to reasonable privacy interests."

REQUEST FOR RECORDS UNDER THE COMMON LAW

If, in addition to requesting records under OPRA, you are also requesting the government records under the common law, please check the box below.

A public record under the common law is one required by law to be kept, or necessary to be kept in the discharge of a duty imposed by law, or directed by law to serve as a memorial and evidence of something written, said, or done, or a written memorial made by a public officer

authorized to perform that function, or a writing filed in a public office. The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material:

Note that any challenge to a denial of a request for records under the common law cannot be made to the Government Records Council, as the Government Records Council only has jurisdiction to adjudicate challenges to denials of OPRA requests. A challenge to the denial of access under the common law can be made by filing an action in Superior Court.

1. All government records are subject to public access under the Open Public Records Act ("OPRA"), unless specifically exempt.
2. A request for access to a government record under OPRA must be in writing, hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian. N.J.S.A. 47:1A-5.g. The seven (7) business day response time does not commence until the records custodian receives the request form. If you submit the request form to any other officer or employee of the Fund or Commission, that officer or employee must either forward the request to the appropriate custodian, or direct you to the appropriate custodian. N.J.S.A. 47:1A-5.h.
3. Requestors may submit requests anonymously. If you elect not to provide a name, address, or telephone number, or other means of contact, the custodian is not required to respond until you reappear before the custodian seeking a response to the original request.
4. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special service charges or other additional charges authorized by State law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the Fund or Commission.
5. ***You may be charged a 50% or other deposit when a request for copies exceeds \$25.*** The Fund or Commission custodian will contact you and advise you of any deposit requirements. You agree to pay the balance due upon delivery of the records. Anonymous requests in excess of \$5.00 require a deposit of 100% of estimated fees.
6. Under OPRA, a custodian must deny access to a person who has been convicted of an indictable offense in New Jersey, any other state, or the United States, ***and*** who is seeking government records containing personal information pertaining to the person's victim or the victim's family. This includes anonymous requests for said information.
7. By law, the Fund or Commission must notify you that it grants or denies a request for access to government records within seven (7) business days after the agency custodian of records receives the request. If the record requested is not currently available or is in storage, the custodian will advise you within seven (7) business days after receipt of the request when the record can be made available and the estimated cost for reproduction.
8. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
9. If the Fund or Commission is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form or other written correspondence and send you a signed and dated copy.
10. Except as otherwise provided by law or by agreement with the requester, if the agency custodian of records fails to respond to you within seven (7) business days of receiving a request, the failure to respond is a deemed denial of your request.
11. If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the Fund or Commission to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council ("GRC") by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866-850-0511, by mail at PO Box 819, Trenton, NJ, 08625, by e-mail at grc@dca.state.nj.us, or at their web site at www.state.nj.us/grc. The Council can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.
12. Information provided on this form may be subject to disclosure under the Open Public Records Act.

EXECUTIVE DIRECTOR REPORT:

2012 & 2013 Property & Casualty Assessments: Executive Director reported in accordance with the Commission's By Laws, the assessment bills for 2012 for property and casualty were mailed to member entities. The Fund is finalizing set up of bank accounts and will process payment as soon as possible. Assessment dates for 2013 will be finalized.

Executive Director said we are still in the process of finalizing the bank accounts. Once that is finished the assessment bills will be processed and we will be able to roll into 2013. At that time we will have payment schedule set and forwarded to the County. Payment schedule will be stretched out into three payments for 2013.

Establishing a Claims Committee (Page 3): Executive Director reported the Insurance Commission needs to establish a formal Claims Committee. The Claims Committee has agreed to meet every 3rd Tuesday at 9:30 am. We are requesting approval of the establishment of the Claims Committee, including the Claims Committee representatives.

Claims Committee Charter – Executive Director reported the Insurance Commission needs to adopt a Claims Committee Charter that will establish meeting scheduled, assignments and a formal claims charter. The Draft Charter appeared on page 5 of the agenda.

Robyn Walcoff said as discussed at the previous meeting we wanted to put together a claims committee that could discuss the claims in advance to the Commission meetings. We would approve or discuss the payment authority requests and once we have gone over the requests we would like to bring them to the meeting for approval settlement amounts or reserve amounts. David Stout said the Charter was forwarded to all the member of the Executive Committee.

Executive Director said the Claims Committee Meeting schedule was included on the agenda on page 5 which is set for the third Tuesday of each month at 9:30 am. If we have five or less claims we will have the meeting via conference call. In response to Commissioner Ford, Michele Leighton said the meeting would take about 5 minutes per claim. Robyn Walcoff said for the first few meetings we would like to meet in person just to get the claims committee up and running and from there on we could determine based on the amount of claims, if an we could meet via conference call.

Establishing the 2013 Plan of Risk Management – Executive Director reported the Risk Management Plan is an overview of the Commission’s coverage, risks retained by the Commission, reserving philosophy, method of assessing member contributions, claim payment authority, etc. Attached in Appendix II of the agenda was the 2013 Plan.

Joseph Hrubash said the Plan of Risk Management is required by the Rules and Regulations of the Commission and it is basically a narrative overview of the limit retention schematics that were provided early on in the formation of the Commission. It covers what perils are insured against in terms of the Commission versus the CEL. It also gives an overview of the limits of coverage by lines of insurance and provides the amount of limits retained by the Commission. In addition to that it goes in the claims handling which includes establishing reserves, and what authority the TPA’s have in terms of being able to pay claims without coming to the Commission, as well as addendums for the uninsured/underinsured motorist coverage.

NJ Excess Counties Insurance Fund (CELJIF) – Executive Director reported the CEL met on January 24, 2013. Attached in the agenda was the summary report of the meeting. The next meeting with the CEL will be on February 28, 2013.

2013 Renewal Information and 2013 Remarketing Information: Executive Director reported the Fund office has sent a request for underwriting information to the Risk Managers. This includes information requested by underwriters to complete the 2013 renewal as well as additional information requested by underwriters for the remarketing of the Meadowbrook program. The CEL Underwriting Manager will be sending out a reminder to the respective members of what is still required. We would appreciate your assistance in getting this information to the CEL Underwriting Manager as soon as possible as it has a direct bearing on program coverage and pricing.

Joseph Hrubash said we are trying to finish up the information needed for the 2013 renewal and as everyone knows Meadowbrook who is the excess carrier is getting out of the public entity business. We are in the process of remarking their part of the program so there is additional information coming with the remarking of the program, which we hope to replace some time during the year but as soon as possible. Having quality information and getting this information back will have a direct bearing on the new coverage and pricing.

2013 Automobile Liability – Uninsured and Underinsured Motorist: Executive Director said Star Insurance Company does not give the option to purchase nor does the policy provide Uninsured/Underinsured Motorist coverage. An acknowledgement form will be provided to the Chairman for signature.
