**This project will be funded from the New Jersey Transportation Trust Fund Authority Act. State participation in the cost of the project is limited to 100 percent of the cost of the completed construction work including construction supervision, inspection and material testing, or the amount of the allotment, whichever is less.**

**Program Administration**

The Local Bridges, Future Needs program will be governed by N.J.A.C. 16:20B and counties are required to comply with these rules and all provisions contained in the N.J.A.C. 16:20B as applicable. In addition, the rules provide the requirements for preparing plans and specifications, contracts administration, contract completion and payment, state participation in cost as well as audit requirements.

**16:20B-6.2 Contract deadline**

**(a) Municipal local aid agreements using both formula allocations and urban aid allocations shall specify that a contract must be awarded by the municipality within 24 months from the date of grant notification. At any time, but at a minimum of 30 days prior to the 24-month deadline, a municipality may voluntarily cancel a municipal local aid agreement and release the funds back to the Department.**

**Failure to make an award by the contract deadline or to comply with the requirements of the Municipal Aid Regulations 16:20B and the Terms and Conditions of Grant Agreement for State Aid to Counties and Municipalities will jeopardize the use of State funds on this project.
