RE: Trailblazer - New Jersey Tourist Oriented Directional Sign (TODS) Program

Dear Mr. McKelvie,

New Jersey Logos, LLC is the contractor responsible for the administration of the Tourist Oriented Directional Sign (TODS) Program (blue signs). We operate the Program on behalf of the New Jersey Department of Transportation (NJDOT) handling all construction and maintenance as well as the administration and enforcement of the rules and regulations.

Salem Oak Vineyards has applied to participate in the Program on Route 40 @ Sharptown-Auburn Rd. and they qualify under NJDOT's TODS Program rules. However, since they are not clearly visible to traffic at the intersection of Sharptown-Auburn Rd. and Auburn Rd. (CR 602), New Jersey Logos is requesting approval to install and maintain a trailblazer sign at this intersection for Salem Oak Vineyards.

Enclosed is a proposed trailblazer site plan similar to what is currently required by NJDOT for trailblazers on State right of way but we can certainly provide this information in any format required by Morris County. The trailblazer, should the County approve the installation, will be built and maintained to meet all specifications of New Jersey and the Federal Manual on Uniform Traffic Control Devices (MUTCD).

New Jersey Logos has cooperated with other counties and townships for similar signs and we appreciate your consideration.

Thank you and please feel free to contact me toll free at 1-888-655-6467 should you have any questions or need further clarification.

Sincerely,

Lee Haddaway
