- Do not trespass onto other neighbors' property. Remain within the boundaries of the property that has been permitted for filming.

- Observe designated smoking areas and extinguish cigarettes in butt cans. Cigarettes should not be put out on the streets and left there.
- Local residents and business people must be permitted access to and from their residence or business. If filming is in process, please remind production personnel to courteously advise the person (s) affected that their progress will only be momentarily interrupted and that their cooperation would be appreciated. Whenever possible, do not stop pedestrians from moving through the location. Confrontation is your least effective means of persuasion. Keeping the promises you make to the community, and responding in a nondefensively manner when situations become difficult, will go a long way towards insuring a smooth shoot.

Production companies are required to adhere to the aforementioned tenets while working on location in Salem County. Producers of feature films and television programs are also requested to acknowledge the assistance of the New Jersey Motion Picture and Television Commission in the closing credits of their respective works.
